

Marine Fire Equipment Service

Peace-of-mind compliance wherever you sail

VIKING LIFE-SAVING EQUIPMENT
Protecting people and business

Efficient **multi-brand** equipment servicing

Regardless how many different marine fire safety items, brands and vessels you need to manage, a VIKING Shipowner Agreement can be tailored to your exact needs, streamlining:

- Service due dates and consolidation
- Multiple vendor planning
- Fluctuating servicing costs
- Regulatory updates

You can even add other equipment as your business changes – all under the same terms and conditions.

We're there for you

Our highly efficient global service network takes care of all equipment and brands – and a unique, state-of-the-art booking and servicing system ensures unparalleled coordination accuracy.

With VIKING global service network, you get

- High quality and approved marine fire equipment servicing
- Uniform planning and documentation
- Quick access to firefighting equipment and spare parts
- 24/7 support

Buy a complete range of firefighting products at VIKING Safetyshop

VIKING offers a complete range of fire suits, fire hoses, couplings and adaptors, fire extinguishers, breathing apparatus and accessories to tackle any type of fire related incident on board.

We also tailor and supply A-Z firefighting packages based on individual vessel.

You're in **safe hands**

VIKING makes it easier than ever to manage - and consolidate - servicing of your marine fire equipment, anywhere in the world.

Choose between a Shipowner Agreement for our fixed prices service in selected key ports or use our attractive day-to-day prices around the world.

Instant advantages

- **Protect** your assets from fire damage with compliant equipment.
- **Reduce** interactions with multiple suppliers, and streamline brands and equipment used.
- **Save** time sourcing and negotiating ad hoc local servicing.
- **Avoid** hidden or fluctuating servicing and logistic costs.

Fixed Price Service for predictable, annually fixed servicing prices tied to specific ports and carried out by a VIKING selected partner.

Managed Services covers all your multi – branding servicing needs from a single, local point of contact at competitive day-to-day prices.

No matter which type of VIKING service agreement you choose, you'll get consistent service quality and documentation at competitive prices.

Whatever you need - at the highest quality

We service all stationary and portable equipment, including:

- CO₂ high/low-pressure systems
- Dry powder system
- EEBD
- Foam system and analysis
- Dual agent/twin agent
- Mobile and stationary fire extinguishers
- Breathing apparatus
- Portable gas detectors
- Gaseous fire suppression system
- Fire hoses
- Fire detection/smoke and heat detection
- Fireman outfits
- Watermist – all types
- Hydrostatic pressure testing of steel cylinders and composite material

All VIKING technicians are trained to the highest standards, and they're supported by certified training programs, fast access to spare parts, online information and constantly updated manuals.
