**SOLAS MARINE SERVICES GROUP**  
**LIFEBOAT SERVICES**

The Lifeboat division of Solas Marine Services Group was first established in the year 1988 in Sharjah, United Arab Emirates and Over the years, has built up a reputation of being a reliable and efficient service provider to vessels calling various ports across the Gulf region.

Our Workshop facility in Sharjah is fully equipped with the latest technology to facilitate fast and efficient repairs on Lifeboats , Rescue boats and their launching appliances. Lifeboat servicing activities are approved by major classification societies like DNV, LR, GL, KR and BV.

We have qualified engineers and skilled technicians who have been trained to service lifeboats of all major manufacturers. Our In House Training Facility is well equipped to train Engineers and Technicians on new and existing products thereby providing a best service to clients .

Solas has also established Lifeboat service station in Bahrain, Qatar, Saudi, India and Sri Lanka to carry out servicing and refurbishment activities for its customers operating in these regions .

Our aspiration is to work towards delivering outstanding service for our customers there by maintaining a good customer relationship.

Solas marine Services as authorized service representative for various manufacturers, carry out the inspections and servicing of lifeboat and its launching appliances as per SOLAS Chapter III Regulation 20, Including latest amendments and as required by MSC.1/Circ 1206 Rev.1.0.

### WORKSHOP SERVICE

Our facility can accommodate around 15 to 20 Lifeboats for carrying out complete refurbishment of Lifeboats and Rescue boats simultaneously.

**We provide the following services in our Workshop.**

- Lifeboat / Rescue boat refurbishment .
- Lifeboat / Rescue boat major GRP repair.
- Complete overhaul of on/off load release gear.
- Onload release gear test using OEM approved hydraulic test kit.
- Complete engine overhaul.
- Static load test of lifeboats/rescueboats.

### ON SITE SERVICES

Our OEM trained Service Engineers/Technicians are trained to carry out Annual/Five yearly inspection and service as per the latest Solas Regulations. Our specialized Offshore service team emphasizes on immediate mobilization, prompt troubleshooting and providing solutions there by satisfying clients and the classification society.

**We provide the following services onboard the Vessels**

- Lifeboat / Rescue boat GRP repairs.
- Lifeboat / Rescue boat inspection including release and retrieval system.
- Launching appliances inspection
- Overhauling of winches.
- Installation, supervision and commissioning of Lifeboat, Rescue boat & their launching appliances.
- Load test of lifeboats using water satchets.
- Load test of launching appliances using balloon water bags.

### REHOOKING AS PER NEW REGULATIONS

To improve the safety of lifeboat release and retrieval system (RRS),The IMO during the MSC 89 committee has made amendments to SOLAS Chapter III and LSA code as well as related guidelines for the evaluation of existing On-load Release and Retrieval System (MSC.1/Circ 1392). This means that existing Release and Retrieval system has to comply with requirements as mentioned in MSC 89.

**REQUIREMENTS FOR EXISTING AND NEW VESSELS**

**EXISTING VESSELS:** All existing on-load hooks will require an evaluation (comply with the revised LSA Code sections 4.4.7.6.4 to 4.4.7.6.6) no later than July 1, 2013 and an onboard onetime follow-up overhaul examination no later than the first scheduled dry-docking after July 1, 2014.

The one-time follow-up overhaul examination by the manufacturer or authorized representative should be in accordance with MSC.1/Circ.1206Rev1.

**NEW BUILT VESSELS:** Built on or after July 1, 2014, hooks have to comply with the revised LSA Code (complete section 4.4.7.6).

**SOLAS SOLUTION FOR SAFETY**

Considering the fact of utmost safety "Solas Marine Services" with our vast experience on wide range of products carry out Re-Hooking as per regulation/ makers recommendation.

We can offer Re-Hooking services at:

- Dry-docks/Repair Yards.
- At our facility.
- Offshore.
